Crown Prince Makes Fruitless Attacks

Since the middle of las week the German armies in Flanders daily have been trying to wrest from the British terrain taken from them in the recent big offensive of Field Marshal Haig.

As on preceding days Prince Rupprecht of Bavaria on Wednesday unleashed a large number of his troops in an effort to capture ground on the Ypres sector where the British are seriously threatening his communicating line with Ostend and Zeebrugge. The ever watchful artillery of General Haig however again wrought havoc among the attacking waves and dispersed the Germans with heavy casualties and retained all their positions intact.

Haig's Artillery Still Pounds.

There is still no indication of the time set by General Haig for the renewal of his efforts to press forward toward the Ostend-Lille railway but he is strongly keeping up his pounding of the German trenches with artillery of all calibers.

Although the German official statement asserts that in Tuesday's fighting along the east bank of the River Meuse, in the Verdun sector, the Germans captured a long line of French trenches, the French official communication makes no mention of this and asserts merely violent artillery fighting and spirited patrol engagements took place.

French Return the Bombing.

While the British and French airmen continue their bombing operations against the Germans' submarine base at Zeebrugge and points of military importance behind the lines the French aviators are keeping up their attacks on German towns in reprisal for the shelling by German aircraft of the French town of Bar-le-Duc. More than fifteen hundred tons of explosives are reported to have been dropped on number of German settlements, among them being Baden, famed as a health resort.

Italians Expert In the Work.

Likewise the Italians are giving the Austrians little respite from air attacks having again dropped four tons of explosives on the military objectives at Pola, the great Austrian naval base on the Adriatic and bombinb other points of military advantage. In addition the Italians repulsed decisively another Austrian attack on the western slope of Monte San Gabriele in the Gorizia sector.

BOMB FOR BOMB IS WAY TO FIX GERMANS

Toronto, Canada, Oct. 3.—Lord Northcliffe, the head of the British war mission to United States, arrived here today. Speaking of the air raids on London by the Germans he said:

"The only way to deal effectively with the German raids on England is to do as the French are doing—give them bomb for bomb.

"I have always advocated reprisals. Paris is only 120 miles from Germany and do you hear of raids upon Paris? The French give them bomb for bomb. Tht is the remedy anyone would propose who understood Germany."

SIR WILFRID LAURIER QUITS PARTY POST

Ottawa, Ont., Oct. 3.—Sir Wilfrid Laurier has announced to leading liberals whom he summoned to Ottawa that he proposes to retire from the leadership of the opposition and the Liberal party. Sir Wilfrid has been head of the Canadian Liberal party since 1887 and led the recent fight against conscription in Canada.

MISSOURI PROPOSES TO KNOW ABOUT COAL

St. Louis, Oct. 3.—Acting under orders from Attorney General McAllister of Missouri, A. L. McColley, special agent for the attorney general today seized the records of the St. Louis Coal club which will be used as evidence when the coal hearing is resumed here tomorrow.

TOKIO SWEPT BY TYPHOON

London, Oct. 3.—A Shanghai dispatch to Reuters says that as the result of a typhoon which swept over Tokio Monday, 400,000 persons are homeless and that 138 are dead and 217 missing.

PERU DISCUSSING WAR SITUATION SERIOUSLY

Lima, Peru, Oct. 3.—The Peruvian congress is considering the internation situation as affects relations with Germany. The foreign minister and the minister of war have been summoned before congress to give information it desires.

The Chamber of Commerce Needs You Friday Night

Session Lasts One Hour Beginning At 7:30 o'Clock

CONGRESS TO QUIT SATURDAY 5 P. M.

Washington, Oct. 3.—Arrangements were made late today by the Senate and House leaders for adjournment of the present extraordinary session of Congress next Saturday at 5 o'clock, p. m.

Democratic Leader Kitchin will introduce the adjournment resolution in the House tomorrow and move its immediate passage. The adjournment is now planned to take place exactly six months after the war declaration was passed, April 6.

Some Work Yet To Do.

Remaining for disposition before adjournment are the Soldiers' and Sailors' Insurance bill, the eight billion dollar deficiency appropriation measure and a few other minor miscellaneous matters. The Soldiers' and Sailors' Civil Rights bill and other legislation will go over to the December session of Congress. The agreement for adjournment Saturday was made possible by the Senate's action late today in agreeing to have a final vote tomorrow on the Insurance measure and agreement of the conferees on the deficiency appropriation measure, following disposal of the War Tax measure.

WILL NOT EXAMINE ALL OF THE REGISTERED MEN AT PRESENT

Washington, Oct. 3.—The proposition to examine for military service all the men registered for the army draft and not yet called, was killed for the present at least today by the House and Senate conferees eliminating an appropriation for the purpose from the War deficiency bill, the conference report on which was promptly accepted by the Senate.

Cotton Goes Right Up The Price Ladder

"Two-bit" cotton is an actuality in Texas interior towns.

Cotton values have reached that figure at ports heretofore during the present season of high prices, but it is a new mark so far as actual cash payment to the purchaser is concerned.

In keeping with the extreme advance in future markets, spot quotations in Texas centers were marked up from 90 to 110 points Wednesday, or from $4.50 to $5.50 per bale.

Dallas quoted middling cotton at 25.60c as against 24.44c Tuesday, or 105 points, equal to $5.25 per bale.

Galveston was marked up from 25c on Tuesday to 26.10 Wednesday or $5.50 per bale, while Houston showed an advance of 90 points, of $4.50 on the bale.

That buyers are taking the cotton even at the new high level is attested by sales in Dallas market which were announced by the Dallas cotton exchange at 19,144 bales.

RUSS CLANS APPEAL FOR INDEPENDENCE

Stockholm, Oct. 3.—Dr. John Nzlupas, who has been in consultation with Lithuanians and Letts in various parts of Russia, arrived yesterday in Stockholm and requested Ira Nelson Morris, the American minister here, to transmit to President Wilson a memorial setting forth the national program of these peoples and begging him to support it. They demand complete independence, the right to establish their government representation in the eventful peace conference.

HAVE $800,000 FUND FOR SOLDIERS' LIBRARY

Washington, Oct. 3.—The library war council, of which Frank A. Vanderlip, New York banker, is chairman, today reported to Secretary Baker that $800,000 of the proposed million dollar camp library fund is in the hands of its treasurers.

Carl Morris Wins a Bout

Albany, N. Y., Oct. 3.—Carl Morris, Oklahoma heavyweight, knocked out Tex McCarthy of California in the second round of their ten-round match here last night. McCarthy was outcalssed.

DRAFT RESISTERS WILL BE ALLOWED TO PLEAD NEXT WEEK

McAleter, Okla., Oct. 3.—The two hundred and fifty alleged draft-resisters from central Oklahoma indicted by a federal grand jury here will be allowed to plead next Friday, October 5. It is expected many of those indicted for minor offenses will plead guilty and take light sentences. Fifty-six of the indicted men are held in the penitentiary. The remainder either are at liberty on bond or have not been apprehended.

Records at the state penitentiary show that since August 8, the day on which the prisoners began to arrive, they have consumed $2,807.50 worth of food. As many as 354 prisoners were held at one time.

RIFLES DUE FOR CAMP BOWIE

Fort Worth Texas, Oct. 3.—Ten thousand rifles are expected for the unarmed men at Camp Bowie within a few weeks, it was announced at headquarters today. About that number have never received their guns. The first Oklahoma infantry went on the first long hike this morning and will not return until Thursday.

Britain and U. S. Fix Embargo

Washington, Oct. 3.—Great Britain's embargo on all exports of all supplies to northern European Neutral countries, just announced, was decided on after every phase of its possible effect had been gone over in conference between American and Allied statesmen. American officials, it was learned today, initiated the discussions and insisted that British steps be taken to make sure that there would be no nulification of the purposes the United States gofernment had in view in putting into operation its own embargo.

Allies United in Decision.

The step indicates that the Allies are united in the decision that neutrals must cut off their exports of all supplies to Germany. American officials and some of the Allies have heretofore hesitated on just how far to go in demanding cessation of trade between the neutral nations and Germany. At one time it was agreed that they would ask no more than that neither allied goods nor materials supplied by the allied nations, would be sold to Germany by the neutrals.

Would Hit England But Ruin Germany.

The new policy can be accomplished through a rigid embargo, enforced by the Allies. The neutral nations cannot exist without British and American supplies and in the next two or three months are expected to declare a flat embargo on all the exports of their commodities to all countries. This would hit England as well as Germany but the English, who can draw supplies from the United States, are in a position to do without the neutrals' goods while Germany, cut off from their usual source of supply, cannot exist, officials say, if the neutral shipments to her cease.

ELEVEN BILLION BILL PASSED IN 3 MINUTES

Washington, Oct. 3—The conference report on the eleven billion dollar urgent deficiency appropriation bill was adopted by the Senate today without a roll call after just three minutes consideration.

War Tax Bill Becomes a Law

Washington, Oct. 3.—The War Tax bill became a law today, having been signed by Vice President Marshall and Speaker Clark before noon, after which it was sent to the President and at once received his signature.

WHEN NEW WAR TAXES WILL BECOME EFFECTIVE

Washington, Oct. 3.—All new taxes in the war tax bill which went to the president today become effective when the president signed it, except certain specified rates.

The one-cent letter and post card tax becomes operative in thirty days and the second-class mail increases July 1.

New income and war excess profits taxes are based on income of the 1917 calendar year, and payable before March 31, 1918.

All stamp taxes, including those on parcels post packages become effective December 1. Amusement admissions and taxes on club dues go into effect November 1, as do taxes on freight and passenger transportation, sleeping car, drawing room and steamship berths; pipe line transportation, insurance policies and telegraph and telephone messages costing fifteen cents or more.

ARRESTED FOR MURDER MAKES CONFESSION

Kansas iCty, Oct. 3.—Clarence Fraizer, arrested this afternoon by detectives here, confessed to J. L. Ghent, chief of detectives, late today that he killed Frank Nicholson and his father and attacked Mrs. Nicholson at Independence, Kansas, Sept. 26.

U-BOAT WORK IS SHOWING DECREASE EACH MONTH NOW

London, Oct. 3.—Eleven British merchant vessels of over 1600 tons burden and two vessels of less than that tonnage were sunk by mines or submarines for the week ending today, according to an official statement issued by the admiralty this evening.

This is the smallest number of vessels sunk in any week since the Germans announced unrestricted sub warfare. It compares with a total of 15 vessels the week before which was the lowest recorded since February, only 13 having been sent to the bottom last week.

The total of all losses to the world's shipping since the German ruthless U-boat war went into effect aggregates about two-thirds of those claimed by the Germans in a statement issued on Sept. 1. At that time the Germans alleged an average of 900,000 as having been sunk monthly for seven months.

The actual total of the tonnage compiled here shows that not even during the most successful month for the U-boats—April—had the figures reached any such proportions, while the August losses dropped to almost one-half the April figures.

WRECK ON WABASH NEAR TOLEDO, OHIO

Toledo, O., Oct. 3.—Several persons are reported seriously injured in a wreck of a Wabash railroad passenger train in the outskirts of this city.

The Wabash officials have received a report that the train left the track and overturned in a ditch.

SOCIALIST PAPER IS BARRED FROM MAILS

Milwaukee, Wis., Oct. 3—The Milwaukee Leader, organ of the Socialist party in this city, today was denied privilege of the United States mails.

NEW POLITICAL PARTY IS BORN AT CHICAGO

Chicago, Oct. 3.—Chicago today became the birthplace of a new "national party" whirh is as yet unnamed, but which purposes to elect "half a dozen United States senators and between twenty and forty members of the house of representatives in 1918," according to an announcement of leaders who are in conference. In 1920, the prospectus of the party says a march upon Washington will be made to "take possession of the government."

The new party is to be recruited from the prohibition, progressive, single tax and social democratic groups, the latter asserting its membership is composed of former adherents of the tenets of the socialist party who have found it "theory-bound and unadaptable to new conditions as well as unpatriotic in the present world crisis."

Indicative of the desire of permanent merger the national commission of the prohibition party has announced its readiness to drop its identity as a third party, a position it has held for nearly half a century.

Socialist Writes Platform.

A tentative draft of the platform which is to be submitted to the conferees, said to have been written for the most part by John Spargo, formerly a socialist, approves universal suffrage, the initiative and referendum, the recall, the short ballot, the executive budget and proportional representation. National prohibition is strongly demanded and the declaration is made that all traffic in liquor must be outlawed. Extinction of land monopoly, public ownership of coal mines, oil wells, telegraph and telephone systems and other public utilities and the use of union labor on all governmental activities are among the demands made in the Spargo draft.

The voting strength in today's conference was fixed at twenty votes each for the prohibition, progressive, single tax and social democrats. Men who participated in the recent St. Paul conference of the National Non-Partison League have been invited to be present, but not as official delegates.

The prohibition national committee which was in session here yesterday voted to concentrate its efforts in 1918 on twenty congressional districts and to raise a campaign fund of $300,000 for that purpose. This plan is to be abandoned if the amalgamation of the "new party" is effected.

AFTER 9 YEARS OF INTERNAL BATHS

Mr. Addison I. Williams writes Dr. Chas. A. Tyrrell of New York as follows:

"Regarding the 'J. B. L. Cascade,' I feel it is one of the indispensable articles and should be in every home. I have not taken $10 worth of medicine since obtaining it—about 9 years."

You can be free of biliousness and constipation, with all the ills which they produce, by an occasional internal bath. The "J. B. L. Cascade" administers these scientifically, it being an invention of Chas. A. Tyrrell, M. D., of New York, a specialist on internal bathing.

By the proper application of Nature's cure—warm water—it keeps the lower intestine free of all poisonous waste, and permits every function to work in harmony and without clogging—hence makes one consistently bright, capable and well.

R. J. Murphy in Paris will be glad to show and explain the "J. B. L. Cascade" to you, and will also give you free on request an interesting and authoritative book, "Why Man of Today Is Only 50 per cent Efficient," written by Dr. Chas. A. Tyrrell.

Ask for it today while it is fresh in your mind.

100 acres of gray and chocolate loam on the Blossom and Faught road, well improved, $25.00 an acre; 60 acres in cultivation, balance pasture.

Farm of 224 acres, six miles northeast of Paris, near gravel road, 150 acres in cultivation. This farm has all kinds of good soil, black land, chocolate soil, bottom land, and home place located on sandy land. Price $50.00 per acre.

100 acres of gray land located at the little town of Post Oak, six miles northeast of Blossom; 70 acres in cultivation. Price $25.00 per acre.

115 acres east of Paris, on Pine Mill road, six miles out, 80 acres in cultivation, well improved. Price $50.00 an acre.

Two small farms two miles north of Caviness, 78 acres each, 50 acres of each in cultivation. Price $20.00 an acre.

Thirty acres on Paris and Hugo highway, eight miles north of Paris, all in cultivation; $1100.00.

1600 acres rich Bois d'Arc bottom land on Sulphur, 25 miles southeast of Paris, covered with valuable hardwood timber, with ample mast to carry 1000 head of hogs. This is in the district to be reclaimed from overflow by state aid, all fenced with hog proof wire. Price $25.00 an acre.

300 acres of timbered land, 1½ miles northeast of Powderly. This land will average 20 cords of wood per acre. Fine farm land. Only $13.00 an acre.

3000 acres of grazing land near Antlers, Ok., has been cut over; plenty of fine grass and water. Price $4.00 an acre.

Twenty acres in Fannin county, truck farm, all in orchard and berries, well improved. An ideal home, at the little town of Ravenna, eght miles northwest of Bonham, on M. K. & T. railroad. Price $2500.

I have some choice bargains in small farms near Hugo, Oklahoma.

102 acres on Paris and Hugo highway, eight miles north of Paris, 50 acres in cultivation, 52 in timber. A nicely located and well improved farm. Price $2500.

83 acres four miles out on Garrett Ferry road, all in cultivation, three sets of houses, half bottom and half upland. Price $60.00 an acre.

28 acres, six miles east of Paris, near Lamar road, well improved, $1200; all in cultivation to fruit and truck farm.

40 acres good gray level land, four miles northeast of Paris, all in cultivation, well improved. Price $46.00 an acre.

250 acres bottom land, four miles north of Paris, all in cultivation, four sets of houses; $50.00 an acre; would take some trade.

78 acres near Givens, fine level land, all in cultivation, well improved, $60.00 per acre.

100 acres on Reed's Prairie, six miles northeast of Paris, all in cultivation, black and gray land, well improved; $60.00 per acre.

I have sold within the last week $40,000 worth of bottom land alone. If you have bottom lands for sale list with me at once, as there is a big demand for lands in Lamar and adjoining counties.

PREACHERS USED EFFORTS AGAINST DRAFT, IS CHARGE

Muskogee, Oct. 3.—That serious efforts to defeat the draft laws of the United States have been made continually by certain preachers in the district exemption board, in session aa ditrict exemption board, in session at Muskogee, was stated today by members of the board.

The case of Moses Spurgeon, who claims to be a regularly ordained minister of the Church of Saints of God Assembling, and which the local board of Skiatook calls by the more familiar name of "Holy Rollers," was before the board on an appeal. The board turned down his appeal and certified him to the adjutant general.

Attention to Hugo.

In a long letter to the ditrict board the local board told of the activities of certain so-called preachers of the gospel in the neighborhood of Hugo to persuade yong men to join their churches, telling them that if they did so they would not have to go to war. It is the opinion of this local board, according to the letter, that the activities of this group of men have been more serious than was at first thought.

H. C. Cper, who was arrested with a telegram from Senator Gore in his possession, was a preacher who helped spread teh ideas of escaping the draft in the Hugo district, according to federal officers. He is now in the Muskogee federal jail awaiting action at the hands of the federal grand jury.

SOUTHERN COTTON BELT SECTION GETS HARD RAINS; DELAYS PICKING

Washington, Oct. 3.—Heavy rains delayed cotton picking in the Southern belt, but weather is favorable in other crop sections, according to the weekly cotton bulletin.

CLAIM STATE SENATOR WAS TO HIRE GUNMEN

CONGRESSMAN AND BROTHER MENTIONED IN PHILADELPHIA INVESTIGATION.

Philadelphia, Pa., Oct. 3.—State Senator Edwin H. Vare was today named as the man higher up who was to furnish the money to bring gunmen from New York for election work in the Fifth Ward here on primary day, Sept. 19, when a policeman was killed. Congressman William S. Vare, the Senator's brother, was named as giving assurance that the money would be forthcoming from Isaac Deutsch, the man who is alleged to have engaged the gangsters.

The Vare brothers, who have made millions in city contracts, were brought into the case through sensational testimony by Samuel G. Maloney, at a hearing given to Mayor Thomas B. Smith an eight others charged with conspiracy to murder and other crimes in connection with the Fifth Ward killing. Altogether seventeen men are under arrest here and in New York in connection with the political feud.

TRAINING CAMPS TO OPEN THIRD TRAINING ON JANUARY 5TH

Washington, Oct. 3.—A third series of officers' training camps will be opened by aJnuary 5th and will run until April 5th, primarily for the education of the enlistment in the National Army and the National army for commissions. In addition 2,490 graduates or undergraduates from schools and colleges will be admitted.

SLIGO, AN IRISH TOWN IS BANKRUPT

Dublin, Ireland, Oct. 3.—Sligo, an important town in the west of Ireland with about 10,000 inhabitants, is bankrupt. The town hall has been seized for a debt the sheriff's bailiffs are in possession of the municipal buildings, and the local officials have been refused access to their documents and books.

A government inspector who visited the town reports that the condition of affairs is due to "a lack of prudential business-like management such as has not come under notice in any other locality in the British Isles." He finds that no effort has been made to collect taxes, the defaulters on taxes including members of the local government. Mr. nor municipal employes, including workmen of all kinds, have been so long without wages that they have all ceased work.

VON KUEHLMAN SAYS RUSSIAN'S TALK INVENTION

Amsterdam, Oct. 3.—Germany has made no proposals whatever for a separate peace either to France or Great Britain.

Dr. Von Kuehlman, the German foreign secretary, make this announcement according to an official statement received here from Berlin, in answering the speech made by General Verkhovsky, the Russian Minister of War, before the democratic congress in Petrograd. The statement reads:

"The Russian war minister, General Verkhovsky, asserted at the Petrograd democratic congress that the imperial chancellor (Dr. Michaelis) had stated among other things at Stuttgart that Germany was ready to return Alsace Lorraine to France. The imperial chancellor's utterances at Stuttgart are generally known and the assertion of the Russian war minister is an invention.

"General Verkhovsky further stated that it was Germany's intention to make a separate peace with Great Britain and France at the cost of Russia and that Great Britain and France had informed the Russian government that they would not be parties to any such peace proposal.

"I herewith state that Germany has made no proposals whatever for a separate peace either to France or Great Britain."

POOR OF LONDON DEMAND REPRISALS FOR AIR RAIDS

London, Oct. 3.—A crowd of poor people in the southwest district of London yesterday appealed to Premier Lloyd George, says the Daily Mail, for reprisals against Germany for the air raids on London. The premier shouted to the crowd.

"We will give it all back to them and we will give it to them soon. We shall bomb Germany with compound interest."

The crowd cheered the promise of the premier wildly. The premier had just completed a tour of the area damaged in the raids with Viscount French, commander of the home forces.

AMERICAN DOCTORS TO STUDY SPECIAL WAR DISEASES

American Training Camp in France, Oct. 3.—American medical officers will devote the coming winter to a special study of the diseases peculiar to the war and war conditions in addition to their work at the forward casualty clearing stations on the French and British fronts.

At the casualty stations they will get all the experience they desire in the marvelous war surgery which has made such strides in the past three years. They will be trained in all the medical phases of their work in the field at special schools. The first of these schools will be established this month at the hospital taken over by the Johns Hopkins hospital unit soon after the first contingent of American troops landed in France.

To Study Shell Shock.

One subject to which much attention will be devoted will be that of "shell shock" which has proved very troublesome to both the British and French medical officers both in the hospitals and attached to the troops in training.

There is no more pitiful object in the world than a man suffering from shell shock. Hypnotism has been used frequently as a cure for shell shock. It stops the trembling and twitching in most cases but of late it has come to be regarded as not a real cure.

Has Various Effects.

Shell shock often causes deafness, dumbness and blindness—the effect of the concussion from an exploding missile nearby. A man may be tossed about by three or four shells without getting hit by a fragment or a splinter but the effect of this tossing always tells on his nervous system.

A remarkeable thing about shell shock cases is that none occur during a big battle. The reason for this is perfectly plain. In battle the men are buoyed up by the great excitement, are pressing forward and often are engaged in hand to hand fighting, while all about them is the continual roar of battle. They often become absolutely oblivious to exploding shells under these circumstances until actually hit. Shell shock comes when the men are compelled to sit in ternches for long periods of time when they are out on nerve-testing patrol duty between the fighting lines at night and a big German missile bursts unexpectedly over them.

The treatment of shell shock cases is often closely akin to that for temporary insanity. The doctors and other attendants strive always to get the confidence of their patients and try to start them talking, when the trembling and other manifestations frequently disappear.

Various phases of insanity also will be a very important branch of medical study this winter.

PAID WHAT HE HAD BEEN IN HABIT OF PAYING

Justice of the Peace Mike Brady performed the marriage ceremony at his office yesterday afternoon for a colored couple from Red River county. The groom first appeared at the justice's office inquiring for the county clerk's office, and after being directed to it he asked Justice Brady what he would charge for marrying him. The magistrate replied that he had no regular fixed price and added: "You know what you can afford to pay." The negro, who appeared to be about thirty-five years old, replied that he had been accustomed to pay a dollar. He didn't depart form his custom and handed him over a dollar.

SOMETHING IS DOING EVERY MINUTE IN DAY

A resident of Paris just back from Fort Worth, where he spent a few weeks attending to private business matters, stated that the establishment of the cantonment there has had a tremendous effect of business and has made the city a throbbing, bustling hive of humanity. He said that there was something doing every minute in the day in the way of excitement. Business firms that were almost hreatened with going to the wall before the cantonment was located there have been placed on their feet and are doing a rushing business, and small cold drink and refreshment stands that didn't take in more than $10 or $15 before the soldiers come now take in $200 per day.

REFUSED TO ACCEPT A PLEA OF VAGRANCY

A seventeen-year-old youth who had been lounging around the depots and prescnted a very unkempt appearance was arrested by the police Sunday on a charge of vagrancy, and as the city has no chaingang on which to work out fines and costs he was turned over to the county. He was taken before Judge Beauchamp Tuesday evening and offered to plead guilty, but he impressed the court so favorably as to his honesty and sincerity in answering questions that the latter refused to accept his plea of guilty and gave him a job cleaning up around the new courthouse building temporarily until he can earn enough money to buy a suit of clothes and dress himself decently. He stated that his father was a traveling man and that he was from Western Texas and came here in search of work. It appeared that he honestly wanted work and that it was not altogether his fault that he couldn't secure a job. He had allowed his clothes to get so dirty that nobody wanted to take him into his house.

RAILROAD BRIDGE MAN BACK FROM DRY WEST

A. M. Cunningham, an employe on the Texas & Pacific railroad who is connected with the bridge and builder's crew, and whose family lives in Paris, is back after an absence of four months, which was spent in western Texas. He said that there was nothing in the way of crops along the Texas & Pacific west of Weatherford. He stated that he went out there in June, and that during the whole time he was there up to Sept. 15 only one rain visited that section, which was on the 4th of July.

APPLICATION FILED FOR PROBATE OF WILL

An application was filed in the county court yesterday for the probate of the will of Mrs. Lizzie Gooding, who was run over by an automobile in front of the Gibraltar hotel and killed on the 23rd of September. The application states that she left an estate of the estimated value of $7,000. Accompanying the application is the will bequeathing all of the property to her two children, Will O. Gooding of Latimer county, Ok., and Mrs. Nellie Gooding Osborne of Paris. They are named as executors of the will.

Statement

of the ownership, management, circulation, etc., required by the Act of Congress of August 24, 1912, of Paris News, published daily at Paris, Texas for October 1, 1917. State of Texas, County of Lamar, ss. Before me, a notary public in and for the State and county aforesaid, personally appeared Sayers Boyd, who, having been duly sworn according to law, deposes and says that he is the publisher of the Paris News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1812, embodied in section 443, Postal Laws and Regulations. That the names and addresses of the publisher, editor, and business managers are: Publishers, Sayers Boyd and J. G. Marshall, Paris, Texas; Editor, A. W. Neville, Paris, Texas. That the owners are Sayers Boyd and J. G. Marshall, Paris, Texas. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.) None. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date hown above is 3384. (This information is required from daily publications only.) Sayers Boyd, publisher. Sworn to an subscribed before me this 3rd day of October, 1917. Neville Brooks, Notary Public.

You are the best judge—a trial is the best evidence—try a Miller Tire Geared to the Road on your car. Thousands of motorists know the Miller to be a better tire. The real different in tires is the mileage they give. Which wheel of your car is ready for a Miller Tire? The amount of your first check does not decide the value of a tire to you. If you pay more for Millers than you have been paying for others, remember that there will be more miles between checks. Motor Inn, R. D. Sterne Company, Agents, 52 Lamar Ave., opposite postoffice.

Rooms Wanted.

One or two nicely furnished rooms, close in with garage. Must have all conveniences. Address S. Levy, Paris, Texas.

PERSHING MAY BE MADE FULL GENERAL

Washington, Oct. 2.—Elevation of Major Geneal John J. Pershing to teh rauk of General, a title held only by Washington, Grant, Sheridan and Sherman, is sought by Secretary Baker in a recommendation before the senate military committee today. The secretary urges revival of the rank of general for Pershing and the army chief of staff, and lieutenant general for the corps commanders with the expeditionary forces.

Sells fat work oxen to butcher

Mr. L. E. Standford, Wadley, Ga., has been feeding work oxen Buckeye Hulls for over a year. He states that four of them got so fat he sold them to the butcher.

TRADE MARK
BUCKEYE COTTONSEED HULLS
LINTLESS

are not only concentrated roughage free from lint and trash but they are helpful also in that they carry the meal, corn or oats to best advantage and permit these fattening foods to be properly assimilated. Use Buckeye Hulls as we suggest and you will find it easier to provide a perfectly balanced uniformly mixed ration than with any other roughage. And the feed will cost you very much less.

To secure the best results and to develop the ensilage odor, *wet the hulls thoroughly twelve hours before feeding.* It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only *half* as much by bulk as of old style hulls.

Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to nearest mill.

CAUGHT MAN CHARGED WITH COTTON STEALING

A cotton thief or thieves invaded the field of Alvin Pitman near Boggy Bend ferry Tuesday night and carried 740 pounds out in sacks and emptied it in a wagon in the road and hauled it away. When Mr. Pitman discovered that a raid had been made on his cotton pile he notified J. D. Gordon, the local deputy sheriff at Chicota, who went in search of the thief and also notified Sheriff Eb Clarkson.

The sheriff telephoned around to a number of country stores and precinct officers to be on the lookout for any suspicious person driving a wagon. About 4 o'clock in the afternoon he got a telephone message from Hinckley that there was a stranger near that place driving a wagon with locks of cotton sticking in the bed, showing that a load of cotton had been hauled. Mr. Clarkson and Deputy McDonald hurried out and overtook the stranger near Pine creek and questioned him closely. He said his name was Jesse Johnson and that he lived near Roxton and was on his way to Powderly after some cotton pickers, but he couldn't tell who they were, where they lived, or anything about them.

Finally Sheriff Clarkson told him that he knew he was telling a story; that there had been some cotton stolen and that he might as well admit that he had stolen it. The man then confessed that he had told a story; that his name was J. C. Pace, instead of Jesse Johnson, and that he lived near Hugo instead of Roxton. He denied, however, that he had stolen any cotton. He said that he had loaned his wagon to two young fellows to move a family from near Boggy Bend, and that instead of going there to move them he learned they had driven the team to Paris and that he came here and took it away from them and was on his way back home.

After being brought to town Pace was taken to the county attorney's office and made a statement implicating the two men in the theft of the cotton who he said had borrowed his wagon to move a family. He said that instead of moving a family they crossed the river at Boggy Bend ferry and loaded the wagon with cotton, which they brought to Paris and sold at Dunagans' gin for $75. He denied that he had anything to do with stealing the cotton. The two men he implicated were Melton Conley and Edgar Long, both of whom were staying on the same place on which he was living near Hugo. He gave Sheriff Clarkson a description of the two men.

One of the parties, Melton Conley, had gone back to Hugo on the noon train, and Edgar Long, who is only nineteen years old, was at the union depot last night waiting for the train to go back when he was arrested on description. When he was taken to the courthouse and learned of Pace's statement he made a written confession which he signed stating that he and Conley and Pace entered into an agreement to steal some cotton and sell it and divide the money. He and Conley were to get the cotton and the owner of the team was to meet them on the road, which he did.

Long sai dthey all came to Paris together and after selling the cotton put up at a wagonyard and had the check cashed and divided the money. A message from Hugo late last night stated that Deputy Sheriff Gordon had arrested Conley.

ordinary automobile falling through the air and there was much excitement in the vicinity. The phenomena was visible at Cleburne fifty miles distant.

..Local News..

Corn is still being bought around Brookston and loaded at that place for shipment by buyers from the west. The price paid has advanced from $1.25 to $1.35 per bushel.

Some of the farmers are now paying $1.10 per hundred for cotton picking, the season having opened at $1. Others are paying $1 and boarding the pickers.

Bud Davis, living on the Fenet farm south of town near Evergreen cemetery sold twelve bales of cotton yesterday for twenty-six cents.

Mrs. J. H. Collins, who has been ill for the past several weeks, is slightly improving.

City Recorder W. A. Nobles had the first mess of Irish potatoes from his fall garden last Monday.

Capt. A. A. McKinney of Blardstown, who is just emerging from a long siege of sickness, was able to be in the city yesterday. He said that he could not afford to be sick or to stay at home when there was such activity in the cotton market.

While a salesman in a hardware store was demonstrating the mechanism of a late model shotgun Tuesday evening and was throwing the shells out of the magazine it was accidentally discharged and the contents tore a hole in the bottom of the back of the show window. There were a few persons standing around, but the clerk had exercised the precaution of pointing the muzzle down, and nobody was hurt.

About ten days ago an orphan boy from Oklahoma, who lacked a few days of being eighteen years of age, called at the recruiting office here to enlist in the navy, but as young men under eighteen are not eligible for enlistment he had to be turned down. He became eighteen years old Tuesday and he returned to Paris and enlisted on his birthday and left on the afternoon train for Dallas for final examination.

C. G. Staats, supervising architect of the new courthouse, came in yesterday from Fort Worth to go over the various little details of the finishing work.

The desks for the new Graham school building were hauled to the place yesterday and are being put in position.

Robert Parham of Petersburg, Va., who spent a year in Paris and made his home with his sister, Mrs. Paul Williams, now of Texarkana, is in the artillery at Camp McClellan, Anniston, Ala.

After paying $65 per ton for cottonseed for several days the local oil mills advanced the price yesterday to $67.

Officer Billy Short took charge of a drunk man at the union depot yesterday when the noon train arrived. He had a lot of whisky on his person.

A few cars of young horses and mules have been shipped from the west to points around Paris to keep them from perishing.

Work on the new wholesale grocery building at the corner of Bonham and Henley streets is progressing right along. It will be a substantial structure and will cost about $30,000, although it will be only one story high. It will be 200 feet long and half of it will have a basement. The entire 200 feet in length will be covered with a concrete floor.

John L. Glass of Paris, who has a farm in Boggy Bend, sold eighty-five bales of cotton yesterday for 26½ cents. It was bought by C. G. Elliott for E. E. Blocker of Honey Grove.

It was reported that leases were being taken on land around Atlas, Howland and Enloe for the purpose of prospecting for oil. The names of the parties behind it were not learned.

Prof. Chas. Pretre and family have moved to their home on Graham street in West Paris which he purchased some time ago.

Several pistol shots were said to have been fired in West Paris at a late hour Tuesday night, but nobody seemed to know anything about it.

Marriage licenses were issued yesterday to Virgil Kirk and Miss Mary Frances Hill, Ralph Caldwell and Miss Elizabeth Garrison.

Mrs. L. Y. Hearn is reported quite ill at her home on East Cherry street.

Zachariah Kimball, a tenant on Henry Harms' place south of town, aged fifty years, died Tuesday night after a long illness, leaving a wife and several children The funeral was held yesterday afternoon at Shiloh cemetery, west of town

There will be a box supper at the Pattonville school house Saturday night for the benefit of the organ fund

Miss Gladys Bates, who has been very ill since Sunday, is now improving Her sister Lucile, is also ill.

While little Joe, the seven-year-old son of Mr. and Mrs. Joseph Kimerer, living on South Church street, was out in the yard at his home last night playing with other children in a swing his right leg was caught in the swing and both bones were broken. He was swinging very high at the time. The fracture was a very ugly one.

H. J. Cohn of Dallas, the manager of L. Sonneborn Sons Inc., has just closed a contract with the Paris Grocer Co. to handle their line of oils and grease.

Mrs. J. J. Duvall received a message from her son, Reynolds Wilson, of San Luis Obispo, Cal., that a daughter arrived at his home yesterday.

A solid train of airplanes made up of eighteen cars passed through Paris over the Texas & Pacific early Tuesday night en route to San Antonio. The train was making passenger schedule time and was in charge of C. P. Fegan, former assistant general passenger agent of the Texas & Pacific, who is now employed by the government in charge of transportation with headquarters at New Orleans.

The Paris cornet band, colored, will leave this morning, heading the local delegation to the Red River county colored fair. The Texas & Pacific has special rates on. The Paris negroes have a special booth at the fair and several horses from here are entered in the races.

J. Williford and Mrs. Abbie Campbell were married by Elder D. T. Carlton at his confectionery last night.

While Mrs. H. P. Wells, the wife of a farmer below Glory, was walking around in the loft of a new barn Monday she stepped through a trap door and fell to the ground, breaking two ribs in the fall and sustaining bruises, but she was not seriously injured

Ralph Caldwell and Miss Elizabeth Garrison were married at 8:30 o'clock last night by Rev. T. L. Garrison at the home of Mrs. Cannon, a sister of the bride, on Graham street.

W. H. Carey, local deputy sheriff at Arthur City, got a sweet potato from his patch this week that weighed eight pounds.

Miss Elizabeth Record, who was operated on Monday for appendicitis, is getting along nicely.

A bunch of trusties from the county chaingang has been put to work cleaning up around the new courthouse.

Jno. S. Stone, clerk of the federal court at Paris, says that there has not been a single bankruptcy case filed in the court since the first of last March, which not only speaks well for the financial solvency of business in Lamar county, but also of Fannin, Red River and Delta counties, as any bankrupt petitions from those counties would be filed here.

J. V. D. Baker of Cooper bought a farm of 270 acres four miles north of town yesterday from R. J. Durham for $17,500.

The Gentry Bros' dog and pony show performed at Deport yesterday and came in on the Paris & Mt. Pleasant last night.

B. B. Sturgeon has purchased from O. W. Ludwick a valuable farm of 520 acres at Glory ,all of which is in cultivation except about twenty acres.

Notice was received yesterday that the metal furniture for the new courthouse would be shipped on the 10th instant.

Manager A. W. McCoy of the Hotel Gibraltar has been afflicted with rheumatism the past few days.

Jesse T. Hannah living southeast of town near the Jefferson road, saw a large grey eagle pass in front of his house two or three days ago. It came from the south, headed north and was flying very low. He said it was one of the largest eagles he ever saw.

Constable W. M. Westbrook of Bogata was in Lamar county yesterday in search of a man who was alleged to have disposed of property that he had mortgaged to a Bogata merchant. The officer found him and he satisfied the claim.

MANILA GOVERNMENT BUYS SEED AND TOOLS TO FIGHT FOOD SHORTAGE

By Associated Press:

Manila, Oct. 3, (Correspondence of The Associated Press.)—The Emergency Board, organized to provide funds outside of the regular government appropriated for any unexpected need of the authorities, has voted 26,500 to be expended upon the campaign for the stimulation of the production of food-stuffs throughout the Phillippines. The money is to be spent in the purchase of seeds, their distribution, the purchase of tools, the employment of personnel for the movement and dvertising.

This is a result of the urgent request of the food committee recently appointed by Governor General Harrison to look into the prospect of future food conditions. This committee made a tentative food census of the Islands and expressed the belief that immediate steps for stimulating food production were necessary.

Already a start has been made. The Bureau of Agriculture through its inspectors has been hammering away at the question of food production for many months with the result that this year's crop of rice, the food staple for the Filipino people, is greater than last year's crop which was itself almost a record. The bureau has also conducted a compaign to stimulate the cultivation of corn and of home gardens and this is beginning to show results.

The Bureau of Eduction has also taken a hand in educating the people to the need and possibility of increased food cultivation and in actual ciutivation. Orders have gone forth that all school gardens must redouble their production this year. Bounties are to be given school teachersand agricultural inspectors for promoting and inspecting private vegetable gardens.

The food board is planning to stimulate also hog and poultry raising. It hopes to readjust steamer routes so that crops may be brought easily to centers of purchase. It will make an effort to introduce profitable methods of purchasing. It will ask the Phillipine Congress which convenes in October to pass legislation for price regulation. It may even go as far as to ask for the appointment of a food dictator.

GERMAN AIRMAN DROPS WREATH FOR BROTHER AIRMAN THAT WAS KILLED

Behind the British Lines in France, Oct. 3.—A German airplane was brought down in the British lines this week after a balle lasting nearly an hour. The next morning a German machine came hovering over the same spot and maneuvered for a position. It was promptly attacked but returned to the German lines after dropping overboard something which was seen to fill near an evacuated village.

Two British soldiers, who were sent to find out what had been dropped deturned with a beautiful wreath nearly three feet in diameter. To the wreath was attached a note asking the British airmen to place it on the grave of the dead pilot.

"The officer you have buried was my brother," said the note. "I spent six happy years working in a London bank. I know you honor the dead. Please do this little service for me."

The wreath was deposite as requested on the grave of the dead airman.

FIX NEW WAGE SCALE FOR SHIP BUILDERS

Washington, Oct. 3.—An agreement on wage scales virtually was reached today between the navy department and the presidents of the Interantional Trade unions, representing the navy yard employes. While figures have not been finally decided, it was announced officially that conference had reached a point where the trade union men expected to sign up tomorrow for the ensuing year.

ENEMY SHIPS SEIZED TO BE SOLD; MONEY TO HELP PAY WAR EXPENSES

London, Oct. 3, (Correspondence of The Associated Press.)—Vessels captured or seized by Great Britain from her enemies during the war "in restitution for the destruction and plunder of the countries and shipping of the allies," should be sold and the proceeds applied a part of the war indemnity, in the opinion of a committee of Members of the Chamber of Shipping of the United Kingdom and of the Liverpool Steamship Owners Association. This committee was appointed to ascertain what Great Britain's trade policy should be after the conclusion of the war. They recommend that the funds derived from the sale of enemy vessels taken in war should not be applied to reimburse British shipping owners or underwriters for lost ships but should go to the general indemnity fund.

The committee aserts that, in determining Britain's trade policy to be adopted after the war, it should be the first care of the state to do nothing to imperil the "pre-eminent position the United Kingdom holds in the international trade of the world."

"Our manufacturing power, our commerce and our shipping," the committee stated, "have been established for the world's trade and no smaller field can provide scope for their employment. To maintain that position the nation must with the utmost possible speed after peace is restored bring back its fighting forces into productive industry, so as to re-establish its manufacturing power, and to replace the war wastage in its shipping.

"The ruling principle of our trade policy after the war should consist in the maintenance for each individual citizen of the fullest possible opportunities for the exercise of his energies and enterprise in the markets of the world. We are satisfied that so far as shipping is concerned, apart from any exceptional case for establishing a new trade, it can only hold its own in competition with the world free from State control, and therefore free from State assistance, and that speaking generally State intervention can most profitably be directed and limited to increasing the trading efficiency of the nation as a whole."

COMMITTEE TAKES UP NUMEROUS PETITIONS FILED

Washington, Oct. 3.—Preliminary consideration of numerous petitions seeking expulsion from the senate of Senator LaFollette and several other senators for their attitude toward the war, was begun today by the senate privileges and elections committee, but no action was taken and another meeting will be held tomorrow.

Sentiment was said to have developed at today's meeting for action of some kind and against merely tabling the petitions.

Senator LaFollette is said to be considering an address before congress adjourns in answer to his critics.

NOTICE.

Paris, Texas, Sept. 6, 1917.

Pursuant to a resolution passed by the city council of the City of Paris on the 5th day of September, 1917, I hereby give notice that an election by the qualified voters, who are property tax payers of the City of Paris, will be held between the hours of 8 o'clock a. m. and 6 o'clock p. m. on the 9th day of October, 1917, for the purpose of determining the following proposition: Whether or not the City of Paris shall be authorized to issue the bonds of the City in the sum of Twenty Thousand Dollars, and levy a tax sufficient to pay the interest on said bonds, and create a sinking fund sufficient to redeem them at maturity; the said bonds to bear interest from date at a rate not exceeding five (5) per cent per annum, interest payable semi-annually; said bonds maturing 30 years from date, with the option of redeeming after ten (10) years from date, and to be issued for the purpose of improving streets, and to be known as Street Improvement Bonds, Series "H." The polling places and presiding officers of said election shall be respectively as follows:

Ward 1:—City Hall, corner 21st and Kaufman streets, E. A. Barnes, presiding officer.

Ward 2:—Johnson Building, Grand avenue, J. R. Justiss, presiding officer.

Ward 3:—Court house, J. E. Bobo, presiding officer.

Ward 4:—Lamar Motor Car Co's. building, Lamar avenue, J. W. Webb, presiding officer.

The form of ballot to be used in said election for those voting in favor of the issuance of bonds shall be as follows: "For the issuance of Street Improvement Bonds, Series 'H.'" The form of ballot to be used in said election for those voting against the issuance of bonds, shall be as follows: "Against the issuance of Street Improvement Bonds, Series 'H'". The election is to be held in accordance with the general election laws of the state, in so far as the same are applicable and not in conflict with the provisions of the City Charter. Every property tax payer of the City of Paris, who is qualified to vote for members of the legislature of the state, and who has resided in the limits of the city for six (6) months, and in the ward in which he offers to vote for thirty (30) days, next preceeding the election, is entitled to vote. Given under my hand, with the seal of the City of Paris affixed, this the 6th day of September, A. D. 1917.

Ed H. McCuistion,
Mayor.

Attest:
Judd W. Wright,
City Secretary.

GERMAN RESIDENTS IN CHINA PREPARING SUMMER HOMES FOR WINTER

Peitaiho, China, Oct. 3.—This summer resort on the coast north of Tientsen will probably be one of the most popular centers in China for Germans and Austrians during the continuation of the war.

Many prominent Germans from Shanghai, Tientsen, Pekin, and other important cities in North China, have summer homes at Peitaiho. Since German business has been practically stopped by the war, most of the German families owning property in Peitaiho, have arranged to convert their summer homes into winter residences as well and will remain here throughout the year.

The German legation has a large summer home and barracks here, where a number of interned sailors are living. A band and orchestra has been organized, and the Germans have prepared to have varied community life throughout the winter.

GERMANS FEAR AIR RAIDS; ORDER CITY LIGHTS CUT OUT

Amsterdam, Oct. 3.—The German military authorities have issued orders that all lights in the governmental district of Dusseldorf and a great portion of Westphalia must be darkened at night, according to the General Anzieger of Essen.

Similar precautions against air raids are being taken at other places in western Germany.

GERMANS ARE EXPECTING AIR RAIDS; TAKE PRECAUTIONS

Geneva, Oct. 3.—A Swiss painter who has been copying Dutch masters in the Cologne museum and has just returned here, says that the Germans now are expecting reprisal and are placing valuable paintings in places of security. The police of Cologne have issued instructions to the populace as to their conduct during raids. Most of the Rhine towns following this example are taking precautions.

IF THEY'LL LET HIM SHOOT FROM THE HIP, THIS BOY WILL DO

Fort Sheridan, Ill., Oct. 3.—A student officer at the training camp here has caused his instructors to wonder whether rules for pistol shooting as prescribed by the war department are entirely correct. The men were at target practice and one candidate from Dodge City, Kans., fired time and again without success. He missed the target with clock-like regularity.

Then he tore rules to tatters. He jerked his pistol to his hip and scored four bull's eyes in rapid succession.

THIS FRENCH BOAT'S CREW DESERVES ALL HONORS THEY GOT

Paris, Oct. 3.—The minister of marine has commended in navy orders the French sailing vessel Kleber, of 277 tons, which on September 7 stood up to a big German submarine off the coast south of Brittany and plied a single gun so well that her opponent retreated discomfited after three hours of stirring battle.

Pierre Monnier, the boatswain, who fought the submarine after the captain of the Kleber was killed, has been decorated with the Legion of Honor, while the twelve men of the crew, several of whom were wounded, have been given war crosses. Seven members of the crew who particularly distinguished themselves also received the military medal in addition to the war cross.

THIRTY CENTS FOR COTTON MINIMUM PRICE WANTED

New Orleans, La., Oct. 3.—A price of 30 cents a pound to the farmer was agreed upon at the meeting here of men interested in marketing and growing of cotton in ten southern states as justified by the present selling prices of manufactured cotton products. The price was suggested in an amendment to a resolution adopted previously, which declared against price regulation of cotton by congress or delegating of the authority to any other body. The amendment introduced by L. B. Jackson, director of the Georgia bureau of markets, was recognized as a compromise measure and was adopted unanimously. Unsuccessful efforts were made to have the amendment read 35 instead of 30 cents. W. B. Yeary of Farmersville, Texas, led the movement to secure a 30-cent minimum.

The resolution declaring 30 cents a pound justified as a minimum price expressed a belief that "the proper value for cotton can be obtained by intiligent marketing, by not selling on a declining market and selling only sparingly on an advancing market," and urged the co-operation of merchants, bankers and other business interests in the marketing of the product.

The creation of a Cotton States Official Marketing Board to be composed of commissioners of agriculture, directors o fmarketing bureaus and presidents of farmers' unions was provided for in a resolution adopted at yesterday's session. The board will secure data relative to demand for cotton at home and abroad and distribute it to the farmers. An organization meeting will be held tomorrow.

LACK OF SUPPLIES MAY FORCE GERMANS TO SUE FOR PEACE

—GERMAN PRISONER.

Canadian Headquarters in France, Oct. 2 (delayed)—The enemy early this morning attempted to raid our lines in the Avion sector but was discovered before he got to close quarters and driven off after sustaining a number of casualties. The infantry activity is generally less than normal but the sound of guns never ceases. The Germans are attempting more by way of destructive shots on our battery positions than they did early in the season but even in this respect they are still far behind th eBritish and Canadian gunners.

The enemy also has increased the proportion of gas shells. This may indicate that the chemicals from which poison gas is made are available in greater quantities than those required for high explosives.

All the prisoners of good education now speak of growing scarcity of war materials and particularly of articles such as rubber, cotton and copper which can neither be produced at home nor obtained from Germany's European neighbors.

One of the prisoners taken in yesterday's outpost affairs said that while Germany could not be conquered in the field, she would be forced to make peace because of her failure to obtain supplies.

SENATORS TIRED OF ROW RAISED BY ALABAMA MEMBER

Washington, Oct. 3.—The protracted wrangle over charges by Representative Heflin of Alabama, that certain members of congress have "acted suspiciously" in the present war, flared up again in the house today when Representative Mason of Illinois made a speech contending that Heflin had inferentially charged Mason with treason and linked him up with Emma Goldman.

Representative Heflin requested consent of the house for time to reply to Mason's remarks and to name the men who thought he had "acted suspiciously," but objection was made by Representative Garner of Texas, and the row for the time being was brought to an end.

The house, evidently sick of the row, groaned when Heflin asked unanimous consent to reply to Mason and applauded when Garner objected. The house was disinclined to risk re-opening this wrangle by hearing Mason but there was no parliamentar means of avoiding his speech on the ground of privilege.

Mason defended his introduction of a bill to repail the draft as being approved by a majority of his constituents and drew the wild applause of the house when he told that his son, nevertheless, had joined the army.

His ancestors, Mason declared, were English and participated in every war for the United States.

Despite the fact that he has opposed the war, Mason declared, he now supported it. He denied all implied charges of German influence and denounced the German military autocracy.

Give any car that "dressed up" appearance. Tailored seat covers. All ladies appreciate the cleanliness and cheerfulness of Warner's Seat Covers. We handle them. Call and see samples and get our prices. Motor Inn, R. D. Sterne Company, 52 Lamar ave., opposite postoffice.

TO PRESENT PROOF THAT GERMAN MONEY WAS USED IN N. Y.

New York, Oct. 3.—Proof that German money was furnished in this city by Count von Bernstorff to Bolo Pasha, who is under arrest in Paris as a spy, will be forwarded tomorrow to the French government, it was announced here tonight by Merton E. Lewis, state attorney general of New York.

The attorney, who investigated Bolo Pashas activity while here, at the request of Ambassador Jusserand of France, said that it was the preliminary report submitted by him to the ambassador at Washington last week which resulted in the arrest of Bolo Pasha in Paris.

"The conclusions will be substantiated by a great mass of documentary evidence," the state's attorney general said, "including photographic reproductions of the checks, bank records and other proofs of the disposition of German money furnished to Bolo Pasha in this city by German Ambassador Bernstorff.

HOUSTON MAN TAKES $100,000 WORTH OF LIBERTY BONDS

Dallas, Oct. 3.—A subscription of $100,000 worth of Liberty loan bonds was made today by Jesse Jones of Houston, according to advices received at the Federal Reserve Bank of Dallas.

"Most gratifying reports of organization work are being received from over the entire district," J. W. Hoopes, in charge of the bond sale for the eleventh district, said this morning.

G. R. Thompson of Lufkin has wired for application blanks to be used in a $100,000 drive to be inaugurated by the Lufkin National Bank, of which Mr. Thompson is cashier.

Time has hardly yet been allowed for the return of application blanks mailed out at the opening of the campaign, but encouraging reports are being received, especially from the New Mexico district.

In answer to letters mailed to the leaders of the various religious denominations, Joseph P. Lynch, bishop of Dallas, has issued the following statement to the Catholics in support of the bond sale:

"First: To heed the voice of duly constituted authority is an obligation upon everyone who believes in Him who has emphasized this obligation in the words: 'Render to Caesar the things that are Caesar's, and to God the things that are God's. In putting forth this loan, Caesar—the state—our country, calls for our help; without our aid, it cannot endure. We are bound to co-operate to our ability in making this loan a success.

"Second: Our government has conscripted the time and service, and that too is very great material sacrifice, of hundreds of thousands of our very best young men. If we do not voluntarily supply the necessary means for carrying on the work in which these young men are engaged, then it will become necessary for the same government to conscript the wealth of this country. Hence, everyone who possibly can do so, is obliged to subscribe for these bonds. All of the purpose that justice without aggression may obtain and peace, under God's blessing, once again bring men in a common brotherhood.

NEW ENGLISH ORDER PUZZLE TO NEWSPAPERS

London, Oct. 3.—Last night's proclamation in the Official Gazette prohibiting the exportation to Holland and Scandinavian countries of all articles except printed matter and personal effects, has caused the greatest puzzlement in newspaper offices here.

Owing to existing agreements for the exchange of commodities with those countries, none can believe that the proclamation means what it apparently says. Some interpret its meaning to be that nothing shall be exported except under license.

The English newspapers recently have been criticising officialdom for issuing statements in such complicated form that they are not understandable.

RUSS RAILWAY WORKERS TO STOP WORK THURSDAY

Petrograd, Oct. 3—The demand for improved economic conditions recently made by the employes of the principal Russian railways not having been satisfied the men today announced their intention of stopping work tomorrow.

GODD PICKING WEATHER REPORTED FROM TEXAS

The weekly weather summary on condition affecting the cotton crop, issued today by the weather bureau, says:

The rainfall during the week was light to moderate in Oklahoma, Northern Texas and Northwestern Arkansas, and it was heavy or excessive in Eastern Mississippi and eastward to the Atlantic coast. The temperatures were considerably below the normal in most of the cotton districts with weather favorable to picking in the western part of area and work has progressed rapidly. In the central and eastern states rainy weather delayed picking and low temperatures with insufficient sunshine and heavy rains produced unfavorable developments of the crop. Damage to cotton by wind in the tropical storm was not great. The storm caused considerable damage to sugar cane, oranges and truck crops in the middle gulf coast and rain delayed haying but improved the pastures, soil for plowing and truck crops.

THIRD INCREMENT OF NATIONAL ARMY TO CAMPS WEDNESDAY

Washington, Oct. 3.—About 200,000 men representing the third increment to the national army, today are on their way to sixteen cantonments where already half the 687,000 called to the colors by the president are mobilized. Although today's quota should be 40 per cent under regulations promulgated by Provost Marshal Crowder, local conditions in the various states have reduced the general average of the increment to 20 or 25 per cent.

Coincident with the start of the third division of the new national army for the training camps today, the railroads war board issued a statement in connection with the part which the railroads have played in handling the biggest troop movement ever attempted in this country.

"Including the national guard the regular army and the new national army, the railroads to date have moved approximately 720,000 soldiers from their homes to training camps or embarkation points," says the statement.

Dallas' Contingent Delayed.

While most states are sending their contingents to the several army camps Wednesday, those from Texas are being held—marking time as it were. Instructions from the adjutant general's office at Austin Monday advised the chairmen of the several Dallas boards to send their men on Tuesday and Wednesday of next week. Crowded conditions at Camp Travis and the nearness of that place are believed to have caused the delay in the departure of the Dallas men.

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Powers of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Rundown People 100 Per Cent Stronger in Two Weeks' Time in Many Cases.

New York. N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. E. Sauer, a Boston Physician who has studied widely both in this country and in Great European Medical Institutions when, as a matter of fact. real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, rundown people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because they knew the secret of great strength and endurance and filled his blood with iron before he went into the affray, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous run-down conditions. The Manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks' time, provided they have no serious ogranic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Palace Drug Store No. 1 and all other druggists.
